INNOVATION, PERFORMANCE & PRECISION IN PHARMA RUBBER TUBING.

Introduction :

We Introduce Ourselves As One Of The Leading Manufacturers Of Silicone Rubber Tubes (ETISIL)TM & Other Extruded Articles For Food, Pharmaceutical & Bio Medical Applications.

Our Products Cater To Pharmaceutical Companies & Biotech Industries, Life Sciences, Food & Beverages & Tea Coffee Vending Machines, Thermal Power Stations, Chemical Plants & Aerospace Industries, Psus, Directly & Through Our Dealer / Distribution Network All Over The World.

Our Company Was Established In 1999 & Has State Of The Art Manufacturing Facility With Dedicated Separate Facilities For Platinum & Peroxide Tubings

Salient Features :

1. ISO 9001-2008 Certified Company (TUV-NORD)
2. MSME Reg. No. MH17B0001289
3. US FDA - DMF Reg. No. 29008
4. GMP Certificate No. 43M16787
5. Dedicated Separate Production Facility for Platinum & Peroxide Silicone Tubes.
6. Certified CLEAN ROOM as per ISO CLASS-8 with the state of Art, Plant & Machinery & Testing Equipments.
7. Every lot of raw material batches are tested for compatibility as per US FDA 21 CFR 177-2600

Our Products

1. Platinum & Peroxide Cured ETISILTM Silicone Tube 0.5mm ID to 100mm ID
2. Binary Color Tubing
3. Bio Medical Silicone Tubing for Implants
4. Fluoro Silicone Gaskets & Tubes
5. Silicone Braided Tube (Platinum / Peroxide) for Pressure & Vacuum applications
Available sizes - 1/4", 1/2", 3/4", 1", 1 1/2", 2", 3", 4" with TC connectors
6. Stainless Steel Braided Silicone Tube with SS 316 L Fittings
7. Silicone Braided Tubes with full SS Covering & Fitting
8. Silicone Braided Tube with SS Spring reinforcement
9. Silicone Color Tube, Gaskets & Profiles (As per design)
10. Silicone Extruded Door Gasket (Any Shape)
11. Silicone Square & Round Cords
12. Silicone Inflatable FBD Gasket
13. Rubber Diaphragms (Silicone/EPDM) with or without Teflon Lamination
14. TC Gaskets (Silicone & PTFE)
15. TC Gaskets (Validation, Orifice, Sensor)
16. Stainless Steel Forged Stirrer Blade
